London UK | aidanhewitt@outlook.com | [linkedin.com/in/aidan-hewitt-779092363/](https://www.linkedin.com/in/aidan-hewitt-779092363/) | github.com/Aidan-bh

PROFESSIONAL PROFILE

Bcs accredited first-class Computer Science graduate with professional experience supporting operational reporting, KPI analysis, and digital platform performance within enterprise environments. Skilled in Power BI, SQL, Python, and data-driven problem solving, with experience producing dashboards and translating operational data into actionable business insights. Strong foundation in analytics, cloud technologies, and software development, with a growing focus on data engineering and enterprise analytics solutions.

TECHNICAL SKILLS

Data & Analytics: Power BI, SQL, Excel, KPI Reporting, Data Analysis, Dashboard Development

Programming: Python, JavaScript, Java, Dart

Frameworks & Technologies: React, Node.js, Flutter, TensorFlow, Express

Cloud & Tools: Git, GitHub, Docker, Linux, Firebase, SharePoint, PostgreSQL

Concepts: AI/ML, API Integration, Full-Stack Development

PROFESSIONAL EXPERIENCE

HSEQ Analyst | Fixed-Term Contract| ISS Facility Services – London | Dec 2025 - Present

- Developed and maintained Power BI dashboards and KPI reporting used by senior stakeholders to monitor operational performance, compliance trends, leading and lagging indicators and incident metrics across multiple site and account environments.
- Led weekly stakeholder review calls involving 7+ team members, communicating serious incidents, risks, and key action updates to support timely resolution and performance management.
- Spearheaded the delivery of a supplier collaboration event involving 70+ senior stakeholders and key suppliers, improving cross-functional communication, engagement, and supplier culture.
- Produced weekly and monthly KPI reports for senior stakeholders, highlighting leading indicators, operational trends, and key business metrics, contributing to a 15% reduction in targeted incident categories.

PROJECTS

EV Market Intelligence Dashboard (PostgreSQL, SQL, Power BI)

- Developed an interactive business intelligence dashboard analysing EV pricing trends, customer satisfaction and vehicle efficiency metrics using SQL and Power BI
- Designed KPI dashboards and analytical visualizations to support data-driven insights into market segmentation, sales performance and pricing efficiency

Multilingual Cyber Security Awareness Application (Flutter, HTML)

- Developed an accessible cross-platform app to promote cybersecurity awareness and secure digital practices.
- Recognised by university and selected for a research paper publication.

Sports Venue Booking DApp (Flutter, Algorand Blockchain)

- Enhanced a blockchain-based sports venue booking application using Flutter and Algorand smart contract technologies.
- Improved user experience and transaction efficiency by optimising application workflows and reducing transaction latency by approximately 20%.

EDUCATION

BSc(Hons) Computer Science, First-Class Honors | University of East London | Graduated: September 2025

Modules: Artificial Intelligence & Machine Learning, Data Structures & Algorithms, Web development, Mobile & Distributed Systems, Computer & Network Security. **Dissertation:** Multilingual Cyber Security Awareness Application (Flutter).

LEADERSHIP EXPERIENCE

Crew Trainer (Part-Time) | McDonald's - Romford | Sep 2021 – Dec 2025

- Promoted to Crew Trainer in recognition of strong performance, reliability and leadership within a fast-paced operational environment.
- Led onboarding and training support for new team members, improving team integration and workplace efficiency.
- Developed strong communication, teamwork and problem-solving skills while coordinating responsibilities in a high-volume customer-focused environment.

INTERESTS AND ADDITIONAL INFORMATION

Additional information: UK Citizen, full UK driver's license.

Interests: Field Hockey (Men's First Team, Upminster Hockey Club), Financial Markets, gym, Former University E-sports vice-captain.
