CONTACT

Address: London, UK **Email:** Aidanbhewitt@outlook.com **LinkedIn:** linkedin.com/in/aidanhewitt-779092363

PROFILE

Digital platforms and data insights professional with strong experience supporting system performance, user adoption, and operational reporting across multi-site environments. Skilled in monitoring digital platforms, troubleshooting data and system issues, training end users, and translating performance data into actionable insights. Experienced in working with stakeholders across operations, IT, and service teams to support platform rollouts, continuous improvement, and transition into business-as-usual operations. Highly motivated to play a strategic role in shaping evidence-based decision-making and customer experience improvements for large, multi-site operations.

PROFESSIONAL EXPERIENCE

HSEQ Analyst |(FIXED TERM CONTRACT)| ISS Facility Services – London | 12/2025 – Present

- Act as a key point of contact for data and reporting issues, troubleshooting inconsistencies and working with stakeholders to resolve root causes.
- Produce weekly and monthly KPI dashboards summarising incident frequency, corrective action close-out, leading indicators, and compliance performance for senior stakeholders.
- Assist in maintaining and developing insight reporting used to support decision-making and service performance reviews, aligning with requirements for robust evidence ownership.
- Monitor and analyse performance data across multiple systems to ensure accuracy, consistency, and suitability for operational decision-making
- Coordinated supplier HSEQ engagement days and customer experience activities.
- Helped develop and produce clear and detailed Power BI dashboard to be used in other areas of the business

EARLIER EXPERIENCE

Crew Trainer (Part-Time) | McDonald's – Romford | 09/2021 – Present

- Promoted to Crew Trainer for showcasing reliability and leadership.
- Mentored new staff, enhancing onboarding efficiency.
- Developed teamwork, communication, and problem-solving skills under pressure.

EDUCATION

BSc (Hons) Computer Science, First-Class Honours University of East London | Graduated: September 2025
Modules: Artificial Intelligence, Web Development, Data Structures & Algorithms, Mobile & Distributed Systems, Computer & Network Security
Dissertation: Multilingual Cyber Security Awareness Application (Flutter)

PROJECTS

Multilingual Cyber Security Awareness Application (Flutter, HTML) • Developed an accessible cross-platform app to promote cybersecurity awareness. • Recognized by university and selected for a research paper publication.

Sports Venue Booking DApp (Flutter, Algorand Blockchain) • Extended an open-source Algorand blockchain DApp with custom smart contracts and a Flutter UI. • Improved user flow and reduced transaction latency by approximately 20%.
